30, DECEMBER, 2003

Honorable Judge and Clerk of Butte County California,
655 Oleander Ave Chico.

I received a citation for an infraction under the CVC 4000 for not having registered my vehicle in California and this infraction is a fix it order by CHP officer who issued ticket on 24.DEC.2003 #67443 in the city of Chico CA. I have until 22.JAN.2004 to comply with the law.

I am not a California resident, I was in Chico attending CSUC and I was registered as an out of state student. Please excuse the order for registering my vehicle in California since I am a resident of the state of Texas with valid and current registration where I vote and pay taxes. I do not intend to become a California resident. I have included copies of bills and CSU Chico registration information to support the fact that I am a Texas resident.

I have an Independent IT Consulting company based in Livingston Texas and I am a member of the Escapees motorhome club which forwards my mail anywhere I happen to be in the USA+CANADA at the time I ask for my mail to be delivered. It is essential that I maintain my legal presence in Texas for my personal and business needs.

Further in order to better comply with the law I have disenrolled from CSU Chico as a registered out of state student and left California to continue my graduate computer science studies at another university in a different state. I am also attending the CES show in Las Vegas Nevada starting 08.JAN.2003 for business purposes and I do not intend to come back to California any time soon.

I am including a check for \$10.00 court costs as I was briefed by CHP officer.

Sincerely,

Tibor G. Balogh
