Subject: Today was second time that I was Psychicly-probed where I play chess ...

While playing chess at the usual tuesday, thursday, sunday night cafe I was Psychicly-probed by two different "crying" young woman who were coached by their boyfriends pretending to be a couple having a sad evening (fighting or breaking up type relationship sadness) but really instead the young woman in each case were physics trying to get a reading on me, or more accurately trying to fit me into some already occurred terrible crime or whatever...

(1) Noteworthy to mention that in the summer of 2007 one Sunday or Monday morning between while tanning in upper Bidwell Park between 1030 and 1330Hrs as I was laying down with my head down on the sand as I was alerted to the sound of something very serious underground, explosion or like a tunneling escavator machine crashing trough an already built underground secret facility where as it crashes into something that it did not know was there about thirty people die who have seemed to died because of this accident underground, I felt their spirits go trough me just at the moment of their death... (Could of been "self destruct" underground explosion causing deaths in secret facility...)

So, since this I noticed more sober faces on people that I suspect of being in charge of such secret local to Chico underground facilities...

And now today it was the second time that I was probed by psychic talents, more like the psychically sensitive woman onto whom were loaded dead peoples spirits only temporarily to see if I am recognized by the dead in any way shape or form...

I bet the US Government has twins of me, or clones and this is about finding out if the other twin or clone acted alone or I had helped it... You know, underground cloning factories of humans for intelligence purposes are not just science fiction, I believe it to be science reality...
