Subject: Can't choose your neighbors in public housing...

- 1) Can't choose your neighbors in public rented housing... they are chosen for you...
- 2) Can't choose your neighbors in private rented housing... it is more expensive for the government agencies to kindly relocate neighbors of yours that are not involved when living in private rented housing...
- 3) Can't build your own house if you don't have money for land and materials, if you did have money government won't permit you to build NSA like fortress (faraday cage) that would keep you safe from government meddling in your affairs...
- 4) Found fridgerator compressor in this public rented housing can be started-stopped at will by government directed neighbor candlestein activity who is using noise made by frigerator compressor to cover sound of deoxygenating gases (Halon-CO) introduced into my room usually occurring after I fall asleep...
- 5) Near base of my skull powerful magnetic radiation bursts (if I sleep on my bed properly) attempt to disrupt telepathic information gathering (normal brain activity) while I am sleeping or dreaming, telepathic activity is measured in this public housing laboratory like living arrangement and attempts to block it is accomplished by:

A) covertly creating a low oxygen environment, (to starve the brain)

B) covertly radiating strong magnetic bursts to the back of the head (to relearn different habits)

C) Yes, this is the CIA.. domestic retired 45-65 year old not smart enough crowd...

----- now you know -----

These are the same intelligence people from 1990 that arranged for my injuries and subsequent memory erasure to avoid their prosecution...
