Subject: I think I saw that "Robert" guy at Velence, across the Emlékmű when staying at the campground...

Saw this Slovak American "Robert" guy at Velence in 2005 across the Emlékmű when staying at the campground on the lake ... this was after the Balaton trip and before going out to the Alföld bicycle trip in 2005... before the camping season really started seems that the same Robert person was there helping out setting things up opening bufes or getting ready the campground for the public and he stayed in a small white mobile camp vehicle that is pulled by a car with his girlfriend whom I thought to be a whore who he was pimping for the summer, did have an American car, did feel like license plate from Michigan middle if the USA area... spoke broken Hungarian... same psychic signature, he probably recognized me, or felt something was unusual but did not figure out what... the next day I took off for my Alföld bicycle trip as planned...
