Subject: From 1431 Warner Street Apartments....

I think they actually dug up the dirtbag that moved in to the apartments bellow my apartment, #36, at 1431 Warner Street Apartments....

Just the other day I saw the unwashed scruffy looking character riding by on his bike near this apartment, then today I thought I smelled the same sorry bastard that moved in to the apartment bellow mine at 1431 Warner Street about ten years ago...

So this means of course that this is a joint force (OSI, FBI, CIA, DIA, ADL) background investigation place with all the attic spaces converted above most of the apartments for observation or harassment or other unknown intelligence purposes, like lifting your brain wave or soul patterns from you, draining your life force energy and using all these things to mimic you fooling psychics or in other manners not mentioned here....

They actually went to the trouble to tracking that guy down (Robert) who was directly responsible for me to move out then, I could not spare the time it was needed to deal with the problem he created intentionally, the drug smells, and other nasties that oozed into my living space from bellow...

Its a white guy that never seems to shave or shower long black hair Slavic origin but probably American born...

See, this is how the intelligence community operates, they get their undesired peoples enemies to kill them off for them, they exchange information... I am not moving out, not making room for another person here to move in to be observed and or radiated like me, and sure as hell I am continuing to go public with this finding... and that ROBERT guy better stay sober and alert when around me...
