Subject: Today was the first day that I can confirm...

Today was the first day that I can confirm... that other than my neighbor in 305 is present in the above the apartment attic space because I caught a glimpse of him in the TV room while less than 30 seconds before that and for many hours on for the past four-six days continuously observes movements from above the apartment here above my apartment 304...

So while 305 may be sitting and listening in his bathroom 100 percent of the time, he cannot be both watching TV in the TV room and be present above the apartments in the attic spaces...
